EDUCATION

- Indian Institute of Information Technology** 2022-2026
B.Tech. Computer Science and Engineering CGPA: 7.8
- Pioneer Convent School, Indore, 12th** 2022
Central Board of Secondary Education, State Percentage: 90
- Delhi Public School, Manali, 10th** 2020
Central Board of Secondary Education, State Percentage: 93

TECHNICAL SKILLS AND INTERESTS

Languages: C, C++, Python, HTML, CSS, JavaScript

Developer Tools: Visual Studio Code, Visual Studio, Git, Github, Postman, Docker

Frameworks: Django, Django REST Framework

Cloud/Databases: Microsoft Azure, Neon Database, Postgres SQL

Soft Skills: Communication, Problem Solving, Leadership, Teamwork

Coursework: Computer Networking, Operating Systems, Object Oriented Programming, DBMS, Data Structure & Algorithms, System Design

Areas of Interest: Full Stack Web Development, Machine Learning

INTERNSHIP

- Radixlink India Pvt. Ltd.** Jan-11 2025
Backend Web Developer(Django) Chennai (Remote)
 - Developed RESTful APIs using Django REST Framework, integrated PostgreSQL databases with Django ORM and external Postgres databases
 - Built scalable Back-End services, optimized database queries, containerized apps with Docker
 - Collaborated with Front-End Developers to create API's using Swagger

PROJECTS

- Blogging Web App** 2024
A web-based blogging platform built using the Django backend framework with Neon as the database.
 - Tools & Technologies Used: JavaScript, CSS, HTML, Python, Django, Neon, Git, GitHub.
 - This project has: Google Sign-In for secure authentication and user account management. Full CRUD functionality for blog posts and user profiles. Efficient data storage and retrieval using Neon databases. Deployed on Render for seamless performance and availability.
- C++ Projects: To-Do App & Tic-Tac-Toe Game** 2024
Console-based applications in C++ focusing on user interaction and data management.
 - Tools & Technologies Used: C++, Visual Studio, Git, GitHub.
 - To-Do App: A lightweight, console-based task manager allowing users to add, view, update, and delete tasks within a session. Operates entirely in memory, making it ideal for temporary task tracking. Tic-Tac-Toe Game: A two-player game where users take turns placing "X" and "O" on a 3x3 grid. The game dynamically updates after each move, checking for win or draw conditions.
- Weather Application** 2024
A real-time weather application that fetches and displays live weather data using APIs.
 - Tools & Technologies Used: Django, CSS, HTML, API.
 - Built with Django, HTML, CSS, and JavaScript for a responsive and interactive UI. Retrieves weather data dynamically through API calls. Deployed on PythonAnywhere for a smooth and reliable user experience.

ACHIEVEMENTS

- Under 11 and Under 13 Winner in District Level Chess Championship
- Under 11 and 13 First Runner-Up in State Level Chess Championship(Himachal Pradesh) 2016
- Participant at Under 13 National level Chess Championship(Gujrat)
